

Grand Traverse Commons Master Plan

PARTNERSHIPS
for CHANGE

Traverse City & Garfield Township
Recreation Authority

Preliminary Objective & Strategy Statements

Circulation

Objective One. A comprehensive street plan for the Grand Traverse Commons

Comments

Strategy One: Work with private land owners to integrate private streets with the existing public street system

Strategy Two: Work with the City of Traverse City, Garfield Township and local and state transportation agencies to address the future needs and design of Division Street along the Grand Traverse Commons, specifically at the 11th street intersection

Strategy Three: Consult with local and state transportation agencies, neighborhood associations, public officials, business owners and other community stakeholders to determine future street improvements

Strategy Four: Work with local and state transportation agencies to maintain and care for public streets

Strategy Five: Work to identify and secure funding from federal, state and local agencies for future street and non-motorized maintenance and improvement projects
